**The tour of the Chateau of Kunštát** lasts about 50 minutes.

**The tour at the Cave of the Blaník Knights** lasts about 30 minutes. Only one group can fit at a time. Others are, in the meantime, welcome to explore the Sensory Garden, a project initially targeted at the blind and visually impaired. Visitors are encouraged to put on blindfolds and try to identify plants by touch and smell, navigate by the sound of a stream, or identify different materials by touch.

On the premisses of the garden, there is also the Burian's Watchtower, which will be accessible (if not raining) and will allow the visitors to enjoy a view of the Kunštát area as well as Jeseník, Pálava and Krkonoše mountains (under the assumption of good visibility).

### How to get back to the hotel in the evening

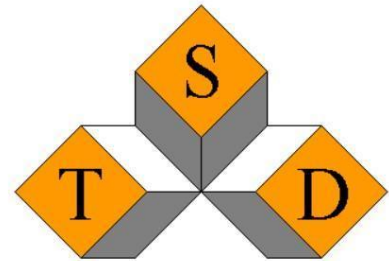

We recommend either a tram line 1 or a night bus N95. For a ticket, just use your wireless bank card directly in the tram or bus. The ticket price is 25 CZK or 1 EUR.

#### Tram line 1

The tram comes to the stop **Výstaviště, hlavní vstup**, which is about a 5 minute's walk from the Wine Bank every 15 minutes (21:10, 21:25, 21:40, 21:55, ...). The last tram leaves at 22:25. Tram line 1 will take you directly to the stop **Antonínská**, about a 5-minute walk (450 m) from the hotel. The ride lasts 17 minutes and passes 8 stops. For detailed directions, please see a map on the other page.

#### Night bus N95

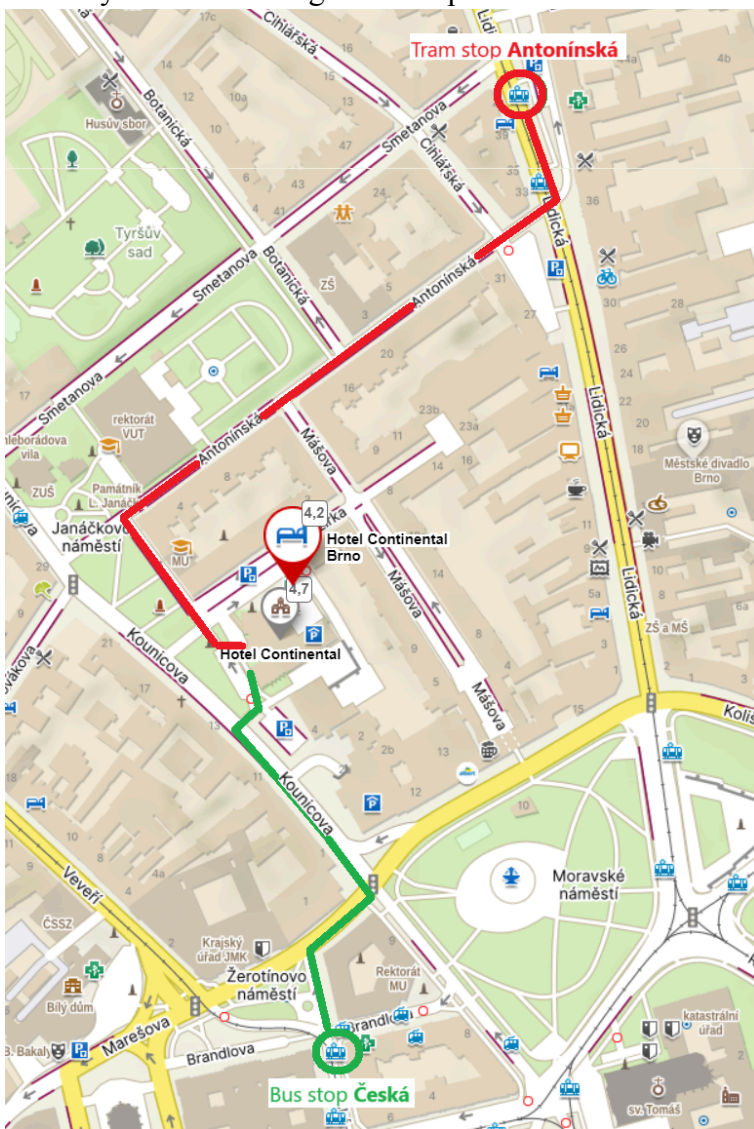

The first night bus leaves at 22:46 from the bus stop **Květná**, and then every 30 minutes until 0:46. Květná is about 750 m far away (a 13-minute walk), and the ride lasts 5 minutes. The bus will take you directly to the stop **Česká**, where you will get off and then walk about 5 minutes (500 m) to the hotel Continental, for detailed directions, see attached maps.
